Starter Kits

V2 Starter Kits include all the essentials one needs to get started with V2 electronic cigarettes. V2 has created several Starter Kits to fit everyone's lifestyle.

The V2 Cartridge Advantage

V2 Vapor Cartridges are the fuel for all V2 electronic cigarettes. Unline many other e-cigarette brands, V2 vapor cartridges are designed with their own disposable atomizer, so one never has to use the same atomizer twice. This provides an easy, more sanitary vaping experience that requires no special cleaning. Customers can't resist the taste, vapor and extreme value they get from each V2 flavor cartridge.

V2 CIGS
YOUR LIFE. VERSION 2.0
UPGRADE TO SMOKE FREE VAPOR
YOU MUST BE OF LEGAL SMOKING AGE TO BUY AND/OR USE ANY V2 CIGS PRODUCT

Manual Battery VS Automatic Battery

V2 automatic batteries provide the most ease of use as they instantly switch on when you puff to activate the atomizer and produce thick vapor. All you do is puff. In addition, V2 also provides manual batteries, which offer a greater level of control and can produce thicker vapor more quickly and with less puffing than the automatic battery.

New Express Kit

A single rechargeable electronic cigarette, Express Charger and Flavor Cartridge, in slim packaging designed for easy display. The Express Kit was created for retail stores and arrives in convenient display shippers. Available in V2 Red (American Tobacco) and V2 Menthol. Light, Medium and Full nicotine strengths.

Retail Portable Charging Case Starter Kits

Our new PCC Starter Kit features a slim, ergonomic design that fits easily in the palm of your hand. The unit fully charges up to 4 Standard V2 batteries when you are away from a power source. Easy-to-read indicator lights tell you how much charge is available in your case and provides accurate charge readings of your battery. The kit includes 1 charging case, 1 automatic battery, 2 cartriges, 1 USB cord, and 1 User Manual.

V2 Economy Kit

One of the most affordable ways to get started with V2 electronic cigarettes. This kit is budget priced, offering just the essentials. This kit is designed for people who want to try an e-cig for the first time or for the occasional and social smoker. The V2 Economy Kit has been updated with the new V2 Smart Charger.

V2 Standard Kit

The V2 Standard Kit includes all the essentials to get started enjoying a life smoke-free. It is one of our most popular and affordable electronic cigarette starter kits. The V2 Standard Kit has been updated with the new V2 Smart Charger.

V2 Couples Kit

The V2 Couples Kit is the perfect solution for couples that want to make the move to e-smoking together. We doubled the V2 Standard Kit and sweetened it with a low combo price. The Couples Kit has been updated with the V2 Smart Charger.

V2 Ultimate Kit

The V2 Ultimate Kit lets you get the most out of your V2 experience. It has all of our most popular accessories and is the perfect option if you are ready to take the plunge into the world of e-cigarettes. The V2 Ultimate Kit has been updated with 5 NEW items including the more powerful 2amp Car Adapter, The V2 Smart Charger, The Metal Carry Case, the V2 Lanyard and the all new Portable Charging Case XL.
